Important-All applications must be received at Valley Waterfowl at least *14 days prior* to the selected hunt dates. Also a completed *release of liability form* must be completed and submitted for each hunter, with each hunt application. Any multiple applications received by any hunter for the same date and any incomplete applications or release of liability waivers will disqualify the hunter for the dates selected. Each hunter *must indicate* the name and information of the second hunter at the time of application. If no second hunter is listed, the hunter will not have the opportunity to bring a second hunter, and they will be assigned a single seat in the blind. *Applicants who are not current members of Valley Waterfowl may submit their membership fees with this application.*

Decoys-Each blind will have 2 dozen duck decoys available on site. Decoys must be put out and picked up each hunt day. The decoys were purchased with funds obtained through donations to Valley Waterfowl. If you wish to supply your own decoys, you may do so, but the maximum is 24 decoys per hunting site. Please take extra precautions to not shoot at low flying birds in order to avoid striking the decoys
